

Dear Parents,

Skelhøje – Team building activities.

On Thursday and Friday this week students from year 6, 7, 8 and IG1 participated in some fun team building activities at Skelhøje in Ikast. Students worked in teams and took part in sporting activities, competed in an obstacle course and worked together for a survival task where they had to build a shelter for their team using only items that they found in the forest and the local environment. Students had fun learning how to work together as a team and enjoyed socializing and being in the fresh air after such a long time behind a computer screen.

After the school break.

It has been announced that after the break the students are allowed to return on a weekly rotation basis. We are all very excited to welcome the rest of the students back to school and to get back to more of a normal timetable. A detailed plan will be sent out to you as parents outlining the dates/weeks your child can attend school. We cannot wait to have them all back in class.

Easter donation from Bloomingville.

This week ISIB received a surprise donation from Bloomingville who delivered to the office a selection of decorative Easter eggs. Some teachers claimed them and used them for lesson activities and Ms Sylwia created a fantastic Easter themed piece to brighten up the school entrance. Many students chose to take them home also. We would like to say a huge thank you to Bloomingville for such a lovely surprise.

Egg decorating competition.

This week Early Years and primary students took part in an egg decorating competition as part of the Easter celebrations. The students (and staff) came up with some very interesting and creative designs. Designs ranged from the traditional Easter bunnies and chicks to more interesting characters such as Minions and Minecraft eggs. Primary students had to vote for the top three in the class and then a second vote was held whereby they chose the winner for their year group. Ms Bell had the final vote for the overall winner. Huge congratulations to Sidarth from Year 4 who created a lovely Easter scene including backdrop and Easter chicks. Photos of the winning students will be put on the website and social media for you all to see. Students also voted for the staff winner and the winning vote went to Miss Jeffcoat the Year 3 homeroom teacher who made a creative Mr Potato head design. Prizes were given to all the winners and all students were given a treat for their hard work and effort, so well done to everyone who participated.

An additional surprise arose during the competition with Ms Emese's entry where she announced to everyone that she is expecting a baby. We would like to say congratulations to her on this happy news also.

Easter egg hunt.

Students from Early years and throughout primary have been taking part in different Easter egg hunts throughout the week. Students were seen running around the playground and school grounds searching for treats that the Easter bunny had left behind. It has been lovely watching their excited faces when they found a treat hidden in the different parts of the school.

Holi.

This week in Early Years the students celebrated Holi. The usual celebration of throwing the coloured powder had to be postponed due to Covid but students still learnt about the story behind Holi as well as creating colourful art pieces.

New Head of School appointed.

This week you received a message from Mr Kurt Møller Pedersen regarding the new appointed Head of School. Mr Kevin Brown is an experienced international school leader and will be joining the ISIB family for the next academic year. I am sure you will all join us in welcoming him to the ISIB community.

Enjoy the break.

We would like to say thank you to everyone for the support during what has been a very long period of online learning and continual change. We truly are thankful for having such a supportive community. We would like to wish you all a very Happy Easter and we hope that you all have a very restful break.

Regards / Venlig hilsen

The ISIB Team
